The Student Support Fund

The Student Support Fund's purpose is extremely simple; it is a resource for any and all students who need it. Its impact is transformational, whether it is a means of ensuring one less thing for a student to worry about, or actually enabling a student to attend Christ's in the first place.

Investing in Potential

Christ's is one the most generous Colleges in the University when it comes to supporting its students, offering needs-based financial assistance to every undergraduate and graduate.

The College also provides emergency funding to those who through no fault of their own face a change in circumstance during their studies, leaving them unable to meet living costs or other expenses.

Christ's believes this funding is vital to its reputation as a College that invests in the potential of its students. Yet the College anticipates much more funding will be needed if it is to continue this commitment.

The College awarded over **£600,000**

in student support last year

This is expected to grow in the coming years

"I couldn't have considered applying if it weren't for the bursaries which I found out were available"

A Cambridge education is challenging enough even without the added pressure of money worries. But the reality is that many of our students now graduate with debts of more than **£51,450**, a huge investment for any student, but particularly difficult for those from less advantaged backgrounds.

It is essential that the College does whatever it can to reduce this financial burden, by ensuring we have the necessary funds to assist those who would otherwise face undue financial pressures as a result of their studies.

How *you* can help

By making a gift to the Student Support Fund you will be helping our students directly by ensuring Christ's has the necessary resources to attract the brightest students regardless of financial background. With the regular support of our alumni, we can ensure that future students of Christ's have one less thing to worry about. Any gift, large or small, can make all the difference.
