

TELEPHONE CAMPAIGN 2023

Our goal for this campaign is to raise £230,000 for the College's Student Support Initiative over the next three years to help Christ's to attract the best and brightest students regardless of their financial situation. These funds are used to support causes as diverse as rent bursaries, vacation study, lab placements, and extra-curricular activities.

The College community is increasingly being put under strain as maintenance loans have not kept pace with inflation, and postgraduate aid has become scarcer across the board. The aid provided by the College will be essential to allow our students to thrive during their time here. However, we will only be able to keep providing this support through your generosity.

"Fundamentally, I would not be able to study at Cambridge without your support and I would not have been exposed to all of the incredible support and passionate people at Christ's. I am incredibly grateful for the help that our alumni give and I look forward to being able to give back to Christ's once I have finished my degree."
